

COLUMBUS COMMUNITY COALITION

General Meeting
Thursday, February 26, 2009
6:30 - 8:00 pm

Mid-Ohio Regional Planning Commission (MORPC)
Scioto Meeting Room
111 Liberty Street, Columbus 43215

You're invited to participate in a discussion and visioning process concerning Columbus communities' **Future Recreation Needs and Resources**

The key agenda item of the Columbus Community Coalition's first meeting of 2009 will be a discussion of the future of recreation services and facilities in Columbus, featuring a panel of speakers who will help CCC members and other community leaders begin to develop a vision of the city's recreation needs 3 to 5 years into the future and beyond.

While the discussion will not focus on the recent and proposed cuts to the Columbus Recreation and Parks Department budget and services, it is these cuts which have prompted our interest in looking at Columbus communities' current and future recreation needs and considering how we will identify resources to meet those needs.

Panel members will include representatives of the Columbus Recreation and Parks Commission as well as other local agencies and organizations.

Please RSVP by email to rsvp@columbuscoalition.org or call Dave Paul at (614) 325-8217 for more information.

Please note that you must place a parking pass in your windshield to park adjacent to the MORPC building at 111 Liberty Street on February 26. A Web link to a printable parking pass will be emailed to you when your RSVP emailed to the address above is acknowledged. (Additional passes will be available at the meeting.)
